VOL. CXXXVI.—No. 92. ALEXANDRIA, VIRGINIA, FRIDAY, APRIL 16, 1920. PRICE TWO CENTS

REPUBLICANS SPLIT INTO TWO CAMPS

Two Sets of Delegates Chosen to Chicago Convention

SPLIT ON CEDENTIALS

M. K. Lowery of Stafford Heads Bolters—Separate Conventions Held—Regulars Elect Four to Chicago.

Charging steam roller methods a delegation of Republicans headed by M. K. Lowery of Stafford and J. W. Gregg of Loudoun yesterday evening shortly after 6 o'clock bolted from the Eighth Virginia district Congressional convention and held a convention of their own. The result is the selection of two sets of delegates to the Chicago republican convention. The question will be settled in Chicago as to which side is entitled to a seat.

The split came when the committee on resolutions made its report which favored the unseating of certain delegates from Loudoun and Culpeper.

M. K. Lowery, after the presentation of the credential committee report, charged that certain organization leaders said Lowery must be beaten at all hazards, hence the arbitrary action of the credential committee he said. He asserted he was not a rubber stamp and did not intend to become one.

J. W. Gregg of Loudoun said there was some hidden hand which is responsible for conditions and he moved that the chair's decision be sustained, the chair having decided the contestants had no standing.

The chair was defeated on a vote whereupon Mr. Lowery asked the delegates opposed to the report to leave as protest and they promptly did so.

About one half of the delegates departed leaving the regulars in full charge. Dr. F. M. Brooke of Fairfax county was chosen temporary chairman of the regulars and the business was then proceeded with without delay. Four delegates with one-fourth of a vote each were chosen to the Chicago convention and an equal number of alternates. The delegates chosen follow: John B. Grayson Fauquier; J. Armistead Eggborn, Alexandria; Leon L. Freeman, Fairfax county; Col. W. C. Shelley, Alexandria county.

Alternates follow: A. V. Baird, Fauquier; R. P. Whitestone, Alexandria; L. C. Hoge, Loudoun; L. B. Casselman, Alexandria county. C. Bascomb Slemp was indorsed for national committeeman. Thomas H. Bayne of Alexandria was chosen elector for the eighth district and Dr. R. E. Wine of Prince William county was elected a member of the state executive committee.

The question of nominating a candidate for Congress from the Eighth district of Virginia was deferred until a meeting to be held in Alexandria July 14 at 1 p. m.

John B. Grayson was re-elected district chairman.

Members of state committee follow: J. C. Banks, Fairfax; John U. Schwarzmann, Alexandria; W. J. Ivey, Fauquier; C. H. Kayser, Prince William; Roy W. Carter, Orange.

The bolters organized by electing H. A. Sager of Fairfax as chairman, he having been chairman of the regular convention prior to the bolt. M. K. Lowery of Stafford was elected a delegate to the Chicago convention and H. A. Sager of Fairfax was chosen alternate. J. W. Gregg of Loudoun was chosen a member of the state executive committee. C. D. Flannigan of Loudoun was chosen district chairman and H. A. Sager of Fairfax secretary.

The resolutions adopted by the regulars reaffirmed their allegiance to the party, then protested against the league of nations and indorsed the stand taken by the republican senators against the league; approved bonus for soldiers and favored a repeal of the Layton law. Before the split came F. Clinton Knight of this city was chosen secretary of the convention.

The credential committee was composed of J. B. Grayson, Fauquier, chairman; D. E. Robey, Alexandria; A. J. Porter, Alexandria county; W. J.

RESOLUTION OF RESPECT

Alexandria, Va., April 15th, 1920.

At a regular meeting of the Board of Directors of the Citizens National Bank, held this day, the following Resolution was passed.

Resolved, That the Board heard with profound sorrow, and deep regret of the death of Michael A. Ahern, who for many years has been one of its members.

Some members of this Board knew him for more than fifty years, and they, as well as others, can truthfully declare he was always the same, and never intentionally wronged a fellow man.

He was modest and retiring, but firm in his convictions; strong and positive, but unobstrusive; a real friend to all in whom he had confidence; never failing to heed the call of the distressed, and to extend a helping hand to the needy ,and by these he will be greatly missed.

Resolved That the bank has lost a faithful and efficient officer; and its officers and employees, a true and reliable friend.

Resolved That these resolutions be published in the Alexandria Gazette, and a copy of them be communicated to the family of the deceased.

Edward L. Daingerfield, president.

EXPECT COMPLETE END OF STRIKE

Wholesale Round-Up of Outlaw Leaders in The West

LEADERS ARRESTED

Signs of Break in Insurgents' Ranks Multiply Throughout Country—Strike Declared Over in Far West.

Chicago, April 16.—Following a wholesale roundup here yesterday by the Department of Justice of the ringleaders of the outlaw railroad strike, officials of the Railroad Brotherhood predicted a complete collapse of the walkout today.

Acting on orders from Washington, presumably authorized by President Wilson at Wednesday's meeting of the Cabinet, deputies and agents of the department scurried through the city early yesterday morning armed with 30 warrants issued by United States Commissioner Louis F. Mason and by early afternoon more than a score of the strike leaders, including John Grunau, the head of the movement, had been arrested.

The men were arraigned before Commissioner Mason by United States District Attorney Clyne and held in $10,000 bond each, the Commissioner granting a motion that the hearing be continued for 10 days.

The prisoners were charged with joint conspiracy under the Lever Food Control act for interference with the interstate shipment of foodstuffs. Counsel for the arrested men ridiculed the demand, declaring that their clients would have surrendered themselves had the government summoned them.

Those arrested were brought to the Federal building singly and in groups. All of them were wearing badges of the outlaw unions—the Chicago Yardmen's Association and the United Enginemen's Association—and laughed and jibed at their captors. Grunau himself with three other leaders, was taken from a massmeeting of the strikers at onway Hall.

Compared with the minimum wage of $8 a day for locomotive engineers and $6.50 for firemen asked for in these demands Grunau was demanding for his outlaw strikers a flat wage of $10 a day for both engineers and firemen. Also he was demanding that the managers of the roads should treat with the strikers in open massmeeting.

According to the evidence claimed to have been collected the strike agitators associated with Grunau have been planning in the event of a successful spread of the outlaw railroad strike, to have a general strike in the other basic industries called for May 1, which has always been a red letter day in the traditions of revolutionary parties, Agents of the Department of Justice have directed particular attention to tracing the source of the funds commanded by Grunau, and there again, it is claimed, the trail leads back to the Industrial workers of the World.

New York, April 16.—The Railroad General Managers' Association of New York last night delivered an ultimatum to the "big four" railroad brotherhoods giving them until noon Saturday, "to have their men report for work."

After that time it stated the railroads "will themselves open their books for a period of 24 hours ending at noon, Sunday, for such men as register during that period and who are acceptable, who will be taken back into the service, retaining their roster rights."

"In any event", the ultimatum added, "the railroads retain the right to refuse to reinstate or reemploy certain employes who have shown during the period of trouble by violence, seditious utterance, intimidation or other well-defined means, and unfitness for further railroad service."

BUY A LOAF OF BREAD.

Tag Day Tomorrow for Starving Armenians and Syrians.

A flying team of relief workers will visit this city tomorrow to sell bread tags to save the lives of the starving thousands in Armenia and Syria! Mayor Fisher has given permission, and the team will be in charge of Mrs. Cabot Stevens, honorary director of the Near East Relief in the District of Columbia. Among the society women who will motor down will be Mrs. J. R. Hicks, Mrs. William E. Chamberlin, Miss Katherine Randall, Miss Ruth Caldwell, Miss H. H. Arnold, Mrs. Rodrock, Mrs. Kopp, Mrs. Isaac Gans. More than $3,500 worth of bread tags were sold Saturday last in Washington. Seventeen cents feeds a child for a day! How many will the "Good Samaritans" of Alexandria keep alive? American generosity is rushing relief to a darkened land, trying to make the sun shine again. Gen. Harbord reports fifty millions are needed to save the remnant of the Christian and Jewish race where the tyrant Turk has held sway! Thousands of orphan children roam like wild animals chewing graveyard bones and stubble. Send them some real bread! What will become of America if she fails in her manifest duty—if she fails to save the little children, and the hundreds of thousands of girls stolen by Turks and imprisoned in their harems?

MONARCHISTS IN PLOT.

Minister of Defense Tells Reichstag of Danger to Republic.

Paris, April 16.—Dispatches to the French foreign office yesterday indicated a new revolutionary military movement was organizing in Germany. An outbreak against the Ebert government was expected momentarily, the dispatches said.

Maj. Gen. von Leuttwitz and Maj. Bischoff, accused of attempting to foment a new revolt, have been arrested. The men were found hiding on an estate in East Prussia.

Berlin, April 16.—So insecure is the position of the Mueller-Ebert government in the face of the growing struggle for mastery between the radicals and the reactionaries that a fresh coup would surprise no one.

Utmost military precautions are being taken to prevent a repetition of the Kapp-Leuttwitz revolt.

Fifteen tanks, twenty motor machine guns and four detachments of machine gunners have been brought into Berlin to be ready to ward off an armed attack on the central government buildings.

Danger of a monarchist coup was more real and imminent than generally believed. Dr. Gessler, minister of defense, told the reichstag today.

AGREEMENT DOUBTFUL

Foreign Relations Committee Discusses Measure

Washington, D. C., April 16.—Prospect for an agreement on a resolution ending the war with Germany looked doubtful at the end of yesterday's session of the Senate Foreign Relations Committee, which is considering the peace measure already passed by the House. Objections were made by Democratic Senators and the constitutionality of this mode of making peace was discussed in much detail.

Some Senators wanted to substitute the Knox resolution for that passed by the House. Senator McCumber, North Dakota, strongly urged his substitute resolution, which does not pretend to end the technical state of war, but authorizes the resumption of commerce.

Senator Lodge, Massachusetts; Brandegee, Connecticut; Knox, Pennsylvania; McCumber, North Dakota; Swanson, Virginia; Pomerene, Ohio; Borah, Idaho, and Pittman, Nevada, were the only ones who attended the committee meeting. It was suggested by some one that Chairman Will H. Hays, of the Republican National Committee, does not want a resolution reported under the same for any particular Senator, but rather that it be called "a Republican resolution." The feeling among Senators is developed very decidedly that the House resolution in its present form cannot pass the Senate, but agreeing on a substitute for it is difficult.

Tradition ascribes the downfall of the Toltecs who antedated the Aztecs to pulque, the common strong drink of Mexico.

POTOMAC YARD MEN ON JOB AGAIN

Quit at 2.25 Yesterday and Back at 12.30 P. M., Today

NO CAUSE ASSIGNED

Men Walked out Monday and Only Returned to Work Wednesday Morning—220 Went Out.

The 220 switchmen, yardmen and conductors at the Potomac railroad yards who walked out at 225 o'clock yesterday afternoon returned to work at 12.30 o'clock this afternoon, this being the second time within the past week that they have walked out and returned to work. The men were out exactly twelve hours.

As a result of the walkout the yards were tied up until they returned this afternoon. Only three men were on duty to fill their places this morning. There were 1300 cars in the yards and comparatively little freight of a perishible nature, all of the freight in the yards according to officials being known as "slow freight".

Why the men walked out is unknown. They did not make any public announcement as to the cause of the walkout.

It is reported, however, that the men were dissatisfied because of the fact that the services of five crews had been dispensed with since they returned to work.

Th walkout for the time being, paralyzed traffic at the yards and caused the Richmond, Fredericksburg and Potomac Railroad Company this morning to announce that they had discontinued taking freight pending the return to work of the men who left their places.

Railroad officials in Washington, where the men at the Baltimore and Ohio freight yards went out stated that the only reason they could offer for the men leaving their places was they were not satisfied with the personnel of the Railroad Labor Board as announced by President Wilson.

The 220 men at the Potomac yards who walked out yesterday afternoon left their posts last Monday night and returned to work Wednesday morning. They, therefore, had been on duty only one day before they went out again.

The above decision was handed down late yesterday afternoon by the Public Utilities Commission and applies not only to the Washington Railway and Electric Company lines and subsidiaries, but to all Capital Traction lines as well, although only the W. R. and E. has asked for a fare increase.

There will be no charge for transfers under the new decision, except the existing 2-cent charge between the W. R. and E. and Capital Traction lines.

The performance will be repeated at 8:15 o'clock tonight and all who enjoy a good farce should not fail to see "The Village Lawyer."

Cast of characters: Seth Barrett, the lawyer, Wm. A. Devaughan; David Conant, a political "boss," M. E. Greene; James Ferguson, his right-hand man, C. Ray Hellmuth; Alan Spencer, a summer boarder, G. Crime of Unusual Turpitude Reported to Lancaster, Ohio, Police.

Lancaster, Ohio, April 16.—Police today were rearching for five older boys who Wednesday evening attacked Charles Kneller, ten, a newsboy, while he was carrying his route, bound him to a stake, piled kindling and papers about him, and, after starting a fire, left him to his fate.

A small girl reported the incident to Mrs. A. F. Mowery, living nearby and she rescued the boy, who was badly burned.

FRIGHTENED TO DEATH.

Physicians Unable to Revive Her After Animal Attempted to Play.

New Castle, Pa., April 16.—Fright caused the death here yesterday of Stella Zerenda, nine years old.

While playing in the rear yard at her home, a collie dog suddenly leaped over the fence of the Zerenda yard and landed in front of the child. Playfully it jumped up, placing its fore-paws on the little girl's shoulder. She screamed and swooned. Her mother carried her into the house and when home remedies failed to revive her, physicians were called, but the child's condition grew worse. She died without regaining consciousness. The dog was a neighbor's pet and harmless.

OUR SYMPATHY

Is herewith expressed for those in our midst who are too occupied with business or other matters to spend an hour in laughland with Henry Lehrman's initial first national production "A Twilight Baby" at the Richmond tonight.

These Boys Have A Good Line

If you happened to drop anchor in a foreign port, and especially where theweathe r is fine and warm, and you wanted to "hit the beach" real bad, you would probably have to display your wares in a tug-o'-war contest before you would be first ashore. The question of first ashore is sometimes settled in this fashion.

The ship's company is divided into two watches or four sections. When the ship comes into port, one watch goes ashore. And sometimes, when a juestion arises as to which watch is entitled to first chance, the captain orders the toug-o'-war line broken out. The winners are first to enjoy the offerings of the tropics, or fore gn land, as the case may be.

FAVORS PAPER PROBE

Christopherson Measure Would Institute Criminal Procedure Against Profiteers

Washington April 16.—Attorney General Palmer would be directed by a resolution introduced yesterday by Representative Christopherson, Republican, South Dakota, to conduct a "sweeping and thorough" investigation into the manufacture, sale and distribution of print paper and "to institute criminal proceedings against all who have violated the law or who are guilty of profiteering."

Chairman Porter, of the House Foreign Affairs Committee, also announced that a hearing would be held April 26 on the Senate resolution authorizing appointment of an American Commission to confer with Canadian Government officials regarding restrictions placed on the export of pulp wood to the United States.

AMERICAN LEGION.

Important changes in the war risk insurance act of special interest to every service man, which are proposed in the Wason bill, known as House Resolution 13,291, were outlined today by the Virginia department executive committee of the American Legion. These changes are those which were approved by the Minneapolis convention of the legion, which has pledged its support to them.

They are designed chiefly to perfect and enlarge the service given by the Bureau of War Risk Insurance to men carrying government insurance. Provision is also made to relieve men from paying term insurance premiums; first, ifthey are in hospitals; second, if they are taking vocational training, and, third, if they are totaliy disabled. The bill also contains several other feature.

Three methods are proposed to improve the service to those who are insured with the government.

1. The establishment of fourteen regional offices of the bureau, and such sub-offices as may be necessary. This is a step toward decentralization and will relieve much of the exasperating delay now caused by direct correspondence with Washington.

2. Provision for advertising in newspapers and magazines so that the benefits of the insurance may be placed before all ex-service men.

3. Provision for the payment of insurance premiums through the Post Office Department. This will enable a man to pay his premium and receive a receipt for it at his local post office.

Similar changes as these are recommended by the Minneapolis convention, but at the time could not be incorporated in the Sweet bill. Every department and post of the legion is now standing solidly behind the Wason bill.

The Virginia department of the legion has advised the ways and means committee of the House of Representatives that it, along with every other state department of the legion, believes that there should be no changes in the bill providing beneficial legislation, especially the two sections making land settlements and assistance in buying city and suburban homes and farms. This action was taken as a result of advices from Washington that several changes probably would be made and these two sections so amended as to probably lose the great benefits they will give to the nation at large.

Projects proposed under title 1 for land settlements will revolutionize farming and livestock raising in America, and each project will stand as a great demonstration farm in every section of the country. It will also teach co-operation, which is believed of vital importance to the nation. Titles 3 and 4 of the bill, providing for vocational training and adjusted compensation, are expected to find general support in Congress if every post of the American Legion in the country will get solidly behind their senators and congressmen at Washington.

BELGIANS ENTER FRANKFORT.

British Envoy Returns to Paris Council—More Huns on Rhine.

Frankfort, April 16.—Belgian troops arrived in Frankfort yesterday. The French military, several thousand strong, gave them a ceremonial reception, while crowds in the streets silently looked on. There was no disorder.

The Belgians, numbering about 700, marched into the city during the afternoon to give co-operation to the French occupational forces. Their coming was unheralded to the Germans.

Apparently unfamiliar with the Belgian national anthem, which the band frequently played, the spectators failed to uncover, and French officers vigorously reminded them when to doff their hats. The crowds obeyed the Frenchmen docilely.

Two of the parties were charged with operating a "sweat cloth;" the others had been conducting what the court held to be a gambling device, its articles won by players were purchased by those conducting the game.

What may be termed "dirty camps" follow in the wake of some carnivals, and complaint is often made of gambling devices which are in evidence. It is hoped other companies purposing to visit Alexandria will see that the laws of the city and state are obeyed not only by their attaches, but by any other parties who locate within their area.

But it is not carnivals only against which complaints are often heard. Procedures savoring much of gambling, it is said, are in vogue in certain places in the city, where money is paid those who may be fortunate in operating certain machines, punch boards, etc. It would be well for such to take heed and act accordingly.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

$1,000,000 MILL GOES UP.

Structure at Danville, Va., Covers Island in River.

Danville, Va., April 16.—What appears to be a mammoth building rising from the river bed in Dan River is now rapidly assuming shape. It is the five-story, 840-foot-long cotton mill for the Dan River Cotton Mill Company. The mill is actually being constructed on an island in the stream, but so nearly on the edge of the land are the walls that they give the appearance of emerging from the waters.

Concrete is now being poured from two tall chutes and the first signs of a concrete and steel closed-in bridge joining the island mill with the mainland are beginning to be seen. This bridge will be 1,200 feet long and will be weatherproof. Electrically operated trucks carry the material from the new mill to the mill on the far bank of the river. The new mill is to cost $1,000,000 and the present plan is to rush it to completion by next November. A thousand workmen are at work on the grounds. The housing shortage has been met by erecting bunk-houses and providing three meals a day in a large cafeteria.

FLEE WITH $27,000.

Bay State Thieves' Guns Halt Crossing Tender Closing Gates.

Braintree, Mass., April 16.—A band of robbers yesterday killed Alessandro Barandelli, a guard, probably fatally wounded Frederick Parmenter, paymaster for Slater & Morrill Company, and seized the firm's payroll of $27,000.

The robbery was accomplished by two men while two others kept eight laborers under cover of pistols and fired twice into factory windows to drive away employes. The band escaped in an automobile toward Brockton by opening fire on a railroad crossing tender, who tried to drop the gates in their path.

LEOPARD CANNOT CHANGE SPOTS

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynimite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel billious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

VIRGINIA NEWS

Scattered reports of the election of delegates to the Roanoke convention indicate that Democrats throughout the State are naming representatives of decidedly liberal views relative to the sale of intoxicating liquors. Democrats of Ashland, Hanover county, have voted down a resolution approving the Eighteenth amendment and selected delegates to the convention at Roanoke who are known to favor a modification, at least of the Volstead act. Delegates from the County of Brunswick, which voted dry in the State-wide election in 1914, will go with antiprohibition instructions, while those from Henrico, though uninstructed are very liberal in their views, and, it is said, will readily support a "damp" platform when the fight is made on the convention floor.

Among the large parcel post items handled by the Harrisonburg postoffice this week, during the embargo on express, were 5,000 one-day-old chicks and 5,000 young trout from a government hatchery, the latter to be used in stocking dry River. Two additional carloads of eggs were shipped the postage on one carload of 700 cases from Harrisonburg to New York amounting to $864. Business was good all day, but the postal officials were compelled to turn away a customer when a dairyman appeared and asked if he could send a carload of milk by mail.

University of Virginia students have organized for a battle against the "high cost of living." At a mass meeting, attended by over 600 undergraduates, the Society of Poor Men was formed, A committee was appointed to secure overalls at wholesale prices from a factory.

The arrivals of fresh fish at Fredericksburg, are not large and the receipts are readily taken. Hering sell at $2 to $2.50 a hundred, shad $1.25 for best roe, 60 to 70 cents for bucks; rock 20 cents per pound, perch 30 cents to $1 a bunch. Cold weather and high winds have reduced the catch.

Bruce Wells, a former soldier in the war, charged with slaying Eva Boyd, April 1, was held for the grand jury Wednesday in Danville after a preliminary hearing. The strongest evidence against the youth, aged 23, was given by a police sergeant, who repeated what is deemed to be a dying declaration by the woman. He quoted her as saying when questioned.' "Bruce Wells shot me for nothing. He did me dirty." Another officer quoted the accused as saying, "I shot her as I intended. The law must take its course."

BOY KILLED HIS FATHER

Caught in Mothers Home, Oliver Horris Tells How He Put Body on Track to Cover Crime

Laurel, Del., April 16.—Captured in the home of his mother, nine miles from here, Oliver Morris, 20, is alleged to have confessed yesterday to killing his father, Derrick Morris, whose body was found Wednesday night in a carriage on the railroad track near Millboro.

After killing his father, by slashing his throat with a knife while the two were driving along a lonely country road, Morris attempted to cover his crime by leading the horse and buggy into the path of an oncoming train. In the light of the train's headlight, the engineer discerned Morris as he ran from the spot, and brought the train to a stop. Investigation revealed the tragedy.

According to Morris' confession he had left home to work on an apple farm. Wednesday he returned to his home and about 5 o'clock asked his father to drive him to the apple farm to get some clothes.

Morris' face yesterday bore marks which he said were inflicted by his father, who fought desperately to save himself.

The killing adds another tragic chapter to the family's history, two of Morris' brothers having been killed, one sister burned to death and another blinded.

The killing, it is alleged, was brought about because of the objections of the father to his son's infatuation for a woman said to be 30 years old, living at Swann Creek, just on the Maryland border.

A few days before last Christmas it was said, Ollie, following a quarrel with his father over the woman, left home and went to her house to live. He stayed there one week and then returned to his father's home. Despite his father's pleadings, the boy continued to visit the woman, and, it was said, made serious threats against his father whenever the latter attempted to tell him of his wrongdoings.

Derrick Morris drew $300 from the bank before starting on the fatal trip. This money was not on the body and it is supposed was one incentive for the killing. The boy, it is thought, took it to help him make his escape.

GIRLS EXPELLED.

Students at Randolph-Macon College, Lynchburg, Dismissed.

Lynchburg, Va., April 15.—Dancing has proved the Waterloo of several young women students at Randolph-Macon Women's College, who have been expelled for violation of college rules. A dance hall in connection with a store near the college has been a big temptation to some of the girls.

Automobile riding in prohibited hours has also brought some of the girls up for reprimands by the student committee and the faculty.

Men's Suits

The question of good all wool fabrics is something to be considered all right. MAY YET PAY STATE TAX.

Supreme Court of Appeals Reverses Judge Richardsen of Richmond Court.

Richmond, April 16.—By virtue of a writ of error and supersedeas granted yesterday by the Supreme Court of Appeals the Commonwealth of Virginia, at the relation of C. Lee Moore, auditor of public accounts, will be given another opportunity to prove that the P. Lorillard Company, Inc., large Richmond tobacco manufacturers, should pay the state the sum of $7,917 as income taxes, with penalty and interest, for the years 1916 and 1917.

The case comes up on appeal from the Hustings Court, city of Richmond, where Judge David C. Richardson held that the P. Lorillard Company, Inc., is a foreign corporation and its income had no situs for taxation in Virginia, because there was no law which clearly authorized such assessment of taxes.

In its application for a correction of the alleged erroneous assessment, the corporation declared that it was simply licensed to do business in the state and that no products manufactured here are sold in Virginia.

E. Warren Wall, assistant counsel to the state tax board, is attorney in the case. Many such cases, involving both the matter of correcting such assessments and of refunding these taxes already collected, are pending in the courts and will depend for final settlement upon the outcome of the Lorillard case.

The amount of income taxes assessed against the company in 1916 was $2,000. In 1917 it was $5,000.

New Iberia, La., April 16.—Six men were burned to death when one of them struck a match to light a cigarette, igniting gas fumes at the bottom of a ninety-foot salt mine shaft on the former estate of the late Joseph Jefferson, near here, yesterday.

The men were painting the interior wall of a steel casing with a mixture of creosote and gasoline.

PREDICTS BEER'S RETURN.

Atlantic City, N. J., April 16.—Beer and light wines will again be enjoyed by the people of this country according to United States Senator James D. Phelan of California, last night.

"But the saloon is gone for good," he said. "I don't expect it to return. The people will be enabled to enjoy beer and light wines in their homes."

RECORD FILE OF MISSING PERSONS

The Salvation Army, because of its branches in every country in the world, conducts what is probably one of the most efficient of detective bureaus. It is the Bureau of Missing Persons, which sends out daily alarms to all sections in its efforts to find those who have disappeared.

In the United States over 1,800 inquiries for missing persons come into the Salvation Army each year, and in spite of the meagerness of the available information, in spite of the fact that a large proportion of those who are missing do not want to be found, in spite of all the obstacles and hindrances, over 1,000 are located by the Salvation Army each year.

There is the child who runs away from home because the terrors of cold and hunger are nothing to him compared to the fear of school and teacher. There is the man who finds it easier to desert than to support the family that he thinks is too exacting. There is the woman who feels that the river or the open gas jet is less terrifying than the hardships of life. For all these and many others the Salvation Army is conducting a vigilant, unceasing search.

And the methods used in finding the delinquents are as varied as the causes of their disappearance. Sometimes an overlooked clue, an old letter or the address of a friend, leads to the end of the search. Sometimes a paragraph inserted in the War Cry—the Salvation Army publication, which is circulated in every country in the world—or in other mediums calculated to catch the eye, will bring the missing one home. Sometimes the man or woman hunt goes on for years, only in the end to become one of those unsolved mysteries that the world speculates upon for a month or two and then promptly forgets.

ONLY ONE STLYE IN THIS MILLINERY SHOP

TRIMMING A BONNET

A "TRY-ON" IN THE ONE-STYLE BONNET SHOP

There is a millinery shop in New York which guarantees its hats never to go out of style. With every purchase goes the understanding that in five or ten years from now the bonnet bought today will be just as attractive, just as much admired and even more in vogue.

It is the Salvation Army "Millinery Shop," located at 120 West Fourteenth Street, New York city, in which establishment every bonnet which enters the tenement houses, rescue homes, orphanages, nurseries or slum settlements first sees the light of day. And the shop does a rushing business. Three hundred bonnets each week are trimmed, boxed, sent out to all parts of the country and started on their mission of spreading cheer and hope to every corner of the United States.

And the Salvation Army is an importer—not the type that sticks the coveted word after its name as a matter of course, but a real one. Every bonnet that graces the head of every Salvation Army lassie came all the way from across the Atlantic for that purpose. The bonnet itself is English, the trimmings are American, and the wearers embrace every nationality in the world.

Many times each week big trucks draw up to the door of the shop and deposit their cargoes of untrimmed hats. At frequent intervals the piquant bonnets, with their long blue streamers, blue ruching and satin folds, leave the establishment bound for years of service in the slums and bleak spots of the nation. The familiar blue bonnet—shaped like nothing else under the sun—is a symbol of unselfish service in nurseries, hospitals and tenements the whole world over.

THEATRES

INGOMAR—WM. S. HART.

William S. Hart, foremost portrayer of western roles, will be seen at the Ingomar tonight in his Artcraft photoplay, "Square Deal Sanderson."

This is a photoplay of such intense heart appeal that we refrain from doing more than mention its coming to you. Ann Little, a sterling actress, is his leading woman.

GRAND THEATRE.

FOR LOVE OF SALLY.

Zena Keefe, the charming young star of "The Challenge Accepted," an Arden photoplay scheduled for the Grand Theater tonight, says her role of Sally Haston, a native of the Blue Ridge Mountains, is the favorite of her long screen career. Sally is neither coquette nor troublemaker, nor just a sweet, insipid young thing.

Sally is an utterly feminine creature in love with a youth who needs her moral support. He has been called to accept the challenge to do his bit in the big fight over there, but he lacks courage, and it is Sally who helps it all come right. Donald Gordon Reid wrote "The Challenge Accepted," which was directed by Edwin L. Hollywood. Also, a comedy.

RICHMOND THEATRE.

IS WORLD SAFE FOR CHICKENS- SEE—

Brimful of things every hen should know is "A Twilight Baby," Henry Lehrmann's initial comedy production for First National Exhibitors' Circuit and which will be seen at the Richmond Theatre, commencing today.

Different from other great men, "A Twilight Baby" is born as the sun sinks in the golden west, when an intoxicated musician makes a noble effort to play "Pretty Baby," without the halftones. Shocked for what the world may think of his atrocious deed, the musician deserts the child in a haystack. This picture is brought to Alexandria at an extra expense. Not yet shown in Washington.

GRAVE DIGGERS ON STRIKE.

Those at Marietta, Ohio, Refused $3.25 a Day.

Marietta, Ohio, April 16.—Grave diggers of this city have gone on a strike for higher wages.

They laid down their picks and shovels when John N. Price, superintendent of the Marietta cemeteries, informed them that he could not increase their pay to $3.25 per day, as the funds were not available. They were receiving $2.75 a day.
